Infectious Diseases in Adults
April 24–28 2017
Boston, MA

This program is among the highest-rated Harvard Medical School CME courses

Prevention
State-of-the-art approaches to common infectious diseases
Guidance for treating highly resistant bacterial infections
Clinical approaches to complex, rare, “don’t-miss” infectious diseases
Zika updates: what you need to know now
Care of HIV-infected and other immunocompromised patients
Prevention and detection of infections in travelers and immigrants
Strategies for optimal decision making in prevention, diagnosis and treatment
Systems-based safety and practice improvement

Register at ID.HMSCME.com
Course Description

Infectious Diseases in Adults provides important updates and state-of-the-art approaches for the prevention, diagnosis and management of infectious diseases: common, challenging, rare and emerging. This highly rated course focuses on major clinical syndromes as well as management controversies. It features a range of case-based, interactive, and problem-solving sessions from master clinicians in the field.

Topics with major impact on clinical practice are emphasized, including:
- Antibiotic-resistant infections
- Zika and other emerging infections
- Infections in immunocompromised hosts
- Skin and soft tissue infections
- Bone, joint, and orthopedic device infections
- Sexually transmitted diseases, endocarditis, vaccination

The course provides education that ensures attendees are current with recent developments in the prevention and management of infections, including the newer antibiotics and vaccines, antiviral and antiparasitic agents, new diagnostic techniques, and recommendations for prophylaxis in travelers.

Learning Objectives

Upon completion of this course, participants will be able to:
- Improve knowledge and clinical skills in Infectious Diseases
- Utilize the latest strategies for the prevention, recognition, diagnosis, and treatment of important syndromes in Infectious Diseases
- Determine a differential diagnosis and initiate an appropriate diagnostic evaluation for the major infectious disease-related problems in clinical practice
- Analyze relevant areas of basic science to enable both the comprehension and the application of future discoveries to patient care
Treating Highly Resistant Bacterial Infections, including:
- MRSA and vancomycin-intermediate Staph aureus (VISA)
- Extended spectrum beta-lactamase (ESBL)-producing gram negative rods
- Carbapenemase-producing gram negative rods, including the NDM-1 metallo-beta-lactamase-producing organisms
- Vancomycin-resistant enterococci (VRE)

Common Infectious Diseases: Updates in Prevention, Diagnosis and Treatment
Updates to keep you current on new strategies, state-of-the-art practices, and the most recent guidelines to address:
- Skin and soft tissue infections
- Endocarditis, urinary tract infections, C. difficile colitis, and tuberculosis
- Bone and joint and orthopedic device infections
- Sexually transmitted infections, including new guidelines
- Infections in immunocompromised hosts
- Infections in pregnancy, including Zika
- Ear, nose and throat (ENT) and eye infections
- Pneumonia
- Lyme and other tick-borne diseases
- HIV infection and its infectious and noninfectious complications
- PEP (Post-Exposure Prophylaxis) and PrEP (Pre-Exposure Prophylaxis) to prevent HIV infection
- Vaccinations
- Hepatitis C

Challenging, Rare, and Emerging Infectious Diseases
Comprehensive updates on:
- Zika, Ebola, MERS, and other emerging infectious diseases
- Infections in travelers and immigrants
- Zoonoses—the old and the new
- Re-emergence of vaccine-preventable diseases
- Non-tuberculous (“atypical”) mycobacteria

Clinical Decision Making
Hear directly from world-renowned specialists and master clinicians on their approach and decision-making criteria for:
- Antimicrobial usage
- Selecting and utilizing newer diagnostic tests for infectious diseases
- Diagnosing the low-probability but high-impact infections
- Early detection of life-threatening infections
- Determining when to hospitalize vs. treat as an outpatient
- Rational empiric antimicrobial therapy of serious infections: when and how to start, and when to narrow or stop
- Is it viral or bacterial? Key factors to consider

Safety, Quality, and Practice Improvement
Special sessions on safety, quality, and value added by ID specialists
- Antimicrobial stewardship
- Infection control
- Early inpatient ID consultations to reduce mortality, length of stay, and costs
- Outpatient Parenteral Antibiotic Therapy (OPAT): best practices in program design and operation
- ID for hospital medicine practitioners

**DISCLOSURE POLICY:** Harvard Medical School (HMS) adheres to all ACCME Essential Areas, Standards, and Policies. It is HMS’s policy that those who have influenced the content of a CME activity (e.g., planners, faculty, reviewers, and others) disclose all relevant financial relationships with commercial entities so that HMS may identify and resolve any conflicts of interest prior to the activity. These disclosures will be provided in the activity materials along with disclosure of any commercial support received for the activity. Additionally, faculty members have been instructed to disclose any limitations of data and unlabeled or investigational uses of products during their presentations.

### Agenda

#### Sunday, April 23

- **7:00 pm – 9:00 pm**
  - Pre-registration

#### Monday, April 24

- **7:00 am - 8:00 am**
  - **Registration** (continental breakfast served)
- **8:00 am - 8:20 am**
  - **Introduction and Road Map** Nesli Basgoz, MD

  **Session 1 • 8:20 am – 12:10 pm**
  - **Moderator:** Dr. Nesli Basgoz
  - Review of Major Antimicrobial Classes and Empiric Therapy: 2017 Alyssa R. Letourneau, MD, MPH
  - Q & A Session
  - Update on New Antibiotics for Resistant Gram Positive Infections David C. Hooper, MD
  - Q & A Session
  - Coffee Break (refreshments provided)
  - Update on New Antibiotics for Resistant Gram Negative Infections David C. Hooper, MD
  - Q & A Session
  - New Approaches to Infection Control and Antimicrobial Stewardship Erica S. Shenoy, MD, PhD
  - Q & A Session

- **12:10 pm - 1:30 pm**
  - Lunch Break

  **Session 2 • 1:30 pm – 5:05 pm**
  - **Moderator:** Dr. Nesli Basgoz
  - Cases in Sepsis and Resistant Bacterial Infections Alyssa R. Letourneau, MD, MPH
  - Q & A Session
  - Infections in Pregnancy (including Zika) Andrea Ciaranello, MD
  - Q & A Session
  - Coffee Break (refreshments provided)
  - Advances in Hepatitis C Mono-infection Arthur Kim, MD
  - Q & A Session
  - Bites, Scratches, and Rabies Nesli Basgoz, MD
  - Q & A Session

#### Tuesday, April 25

- **6:45 am - 8:30 am**
  - Continental breakfast served
- **7:00 am - 7:50 am** **Concurrent Breakouts**

  **Session 4 • 1:30 pm – 5:30 pm**
  - **Moderator:** Dr. Rajesh T. Gandhi
  - **Encephalitis and Healthcare-Associated CNS Infections: Guidelines and Best Practices** Allan R. Tunkel, MD, PhD, MACP
  - **Q & A Session**
  - **Updates in Endocarditis including New Guidelines** Stephen B. Calderwood, MD
  - **Q & A Session**
  - **Coffee Break (refreshments provided)**
  - **Clostridium difficile Infection, including Recurrent and Refractory Disease: Novel Approaches** Elizabeth Hohmann, MD
  - **Q & A Session**
  - **Sexually Transmitted Infections: Clinical Advances and New Treatment Guidelines** Donna Felsenstein, MD
  - **Q & A Session**
### Wednesday, April 26

#### Session 5 • 8:00 am – 12:30 pm
**Moderator: Dr. Rajesh T. Gandhi**

- **Challenges in Acute HIV Infection and HIV Testing** Eric S. Rosenberg, MD
- **HIV Management 2017: Initial Approach and Treatment** Rajesh T. Gandhi, MD
- **Recent Advances in HIV and What’s on the Horizon** Rajesh T. Gandhi, MD

**Q & A Session**

- **Coffee Break (refreshments provided)**

**Immunocompromised Host and Infections in Hematologic Malignancies** Sarah Hammond, MD

**Q & A Session**

- **Update on Antifungal Diagnostics and Therapy** Michael Mansour, MD, PhD

**Q & A Session**

12:30 pm - 1:45 pm **Lunch Break**

#### Session 6 • 1:45 - 5:30 pm

**Concurrent Specialty Sessions**

**Session 6A: HIV**
**Moderator: Dr. Rajesh T. Gandhi**

- **Continuing Challenges in HIV-Associated Opportunistic Infections** Nesli Basgoz, MD
  **Q & A Session**
- **Pre- and Post-Exposure Prophylaxis for HIV** Kevin L. Ard, MD, MPH
  **Q & A Session**
- **Advances in the Prevention and Treatment of HPV Disease** Benjamin T. Davis, MD
  **Q & A Session**
- **Rapidly Evolving Landscape of HIV/HCV Coinfection** Arthur Kim, MD
  **Q & A Session**
- **Our Most Difficult HIV Cases and What We Learned from Them — Panel Discussion**
  Moderated by Rajesh T. Gandhi, MD
  **Q & A Session**

5:30 pm - 7:15 pm **Networking Reception**

*Join us for refreshments and to meet your faculty and colleagues*

**Session 6B: Non-HIV Immunocompromised Host**
**Moderator: Dr. Sandra B. Nelson**

- **Infections in Patients Undergoing Stem Cell Transplantation** Sarah Hammond, MD
  **Q & A Session**
- **Infections in Solid Organ Transplant Recipients** Camille Nelson Kotton, MD
  **Q & A Session**
- **Infections in Patients on Immunomodulatory Therapy** Camille Nelson Kotton, MD
  **Q & A Session**
- **Our Most Difficult Fungal Infection Cases and What We Learned from Them — Panel Discussion**
  Moderated by Michael Mansour, MD, PhD
  **Q & A Session**

Infectious Diseases in Adults

2017
April 24–28
BOSTON, MA

Updates, Best Practices, and 2017 Guidelines for:
- ID specialists
- Hospitalists
- Internists
- Family Physicians
- Pharmacists
- Pathologists
- Pulmonologists
- Critical Care clinicians
- Emergency Medicine clinicians
- Nurse Practitioners
- Physician Assistants

...and others who care for, diagnose, and treat patients with infectious diseases

This course is also recommended for ID specialists who are preparing to certify or recertify

Course tuition includes continental breakfast, morning and afternoon refreshments, the course syllabus on a flash drive, complimentary Internet in the course rooms, and a special reception on Wednesday evening.

When you register for the course, you can indicate that you would like one hard copy of the two-volume syllabus, in addition to the flash drive, at an additional cost of $65. (The price on site will be $75.)

Registration, Payment, Confirmation and Refund Policy
Registrations for Harvard Medical School CME programs are made via our secure online registration system. To register for this course, please visit the course website.

At the end of the registration process, a $5 non-refundable processing fee will be added to your registration, and you will have the choice of paying by check or credit card (Visa, MasterCard, or American Express). If you are paying by check, the online registration system will provide you with instructions and a printable form for remitting your course fees by check. Postal, telephone, fax, and cash-payment registrations are not accepted. Fees shown in USD.

Upon receipt of your paid registration, an email confirmation from the HMS DCE office will be sent to you. Be sure to include an email address that you check frequently. Your email address is used for critical information, including registration confirmation, evaluation, and certificate. Refunds, less an administrative fee of $75, will be issued for all cancellations received two weeks prior to the start of the course. Refund requests must be received by postal mail, email, or fax. No refund will be issued should cancellation occur less than two weeks prior. “No shows” are subject to the full course fee and no refunds will be issued once the conference has started.

Inquiries
Call 617-384-8600 Mon-Fri 9am – 5pm EST. Send e-mail to CEP@hms.harvard.edu.

Accreditation

ACCREDITATION COUNCIL FOR CONTINUING MEDICAL EDUCATION
The Harvard Medical School is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The Harvard Medical School designates this live activity for a maximum of 36.75 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

AMERICAN ACADEMY OF FAMILY PHYSICIANS
This Live activity, Infectious Diseases in Adults, with a beginning date of 04/24/2017, has been reviewed and is acceptable for up to 36.75 Prescribed credit(s) by the American Academy of Family Physicians. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

RISK MANAGEMENT
This activity meets the criteria of the Massachusetts Board of Registration in Medicine for 5.00 credits of Risk Management Study. Please check your individual state licensing board requirements before claiming these credits.

CANADIAN ACCREDITATION
The Royal College of Physicians and Surgeons of Canada recognizes conferences and workshops held outside of Canada that are developed by a university, academy, hospital, specialty society or college as accredited group learning activities.

EUROPEAN ACCREDITATION
Through an agreement between the American Medical Association and the European Union of Medical Specialists, physicians may convert AMA PRA Category 1 Credits™ to an equivalent number of European CME Credits® (ECMECs®). Information on the process of converting AMA PRA Category 1 Credits™ to ECMECs® can be found at: www.eaccme.eu.

ABMS/ACGME COMPETENCIES
This course is designed to meet one or more of the following American Board of Medical Specialties and Accreditation Council of Graduate Medical Education competencies: patient care and procedural skills, medical knowledge, and interpersonal and communication skills.

IOM COMPETENCIES
This course is designed to meet one or more of the following Institute of Medicine competencies: provide patient-centered care, work in interdisciplinary teams, employ evidence-based practice, and apply quality improvement.
